VERNAL COMMOTIONS.

Destructive Cyclone Sweeps Over the City of Birmingham.

DEATH AND DESOLATION IN ITS WAKE

Railway Traffic in Western States Tied Up by Spring Blizzards. Devastating Storm Sweeps South Pacific Islands.

Birmingham, Ala., March 25.—A terrible wind and rain storm passed over Birmingham and vicinity doing much damage. Many houses were blown down in the southwestern section of the city. It is estimated that 15 people were killed and 1,000 persons hurt. The entire police force, fire department and all the ambulances in the city, together with scores of surgeons have been summoned to the scene.

Among the dead are the following: Dr. G. C. Chapman, prominent physician, killed by falling debris in Mentor's store on South Twenty-first street; Mrs. Robert J. Lowe, wife of the chairman of the state Democratic committee and her infant son, killed at their residence on South Highlands; J. Alexander, merchant, killed in his store at Avenue J and Twenty-fourth street; W. P. Dickerson, bookkeeper, killed in Mentor's store; also a number of negroes. Among the fatally injured are Mrs. R. H. Thomas and Mrs. W. H. Thomas, wife and mother of a prominent real estate agent.

The same storm swept over Irondale, seven miles east of here and it is said practically destroyed the business part of the town. Seven are reported killed there and many injured.

Pratt City also suffered much, the public school building being unroofed and the First Methodist church having its steeple blown off. Many negro cabins were wrecked and a number of people hurt.

North Birmingham and other suburbs also suffered. The wind blew a fearful gale and rain fell in enormous sheets. It is feared that when full reports come in the damage will be shown to have been very heavy.

Southern Pacific Storm.

Victoria, B. C., March 25.—Mail advises from Suva bring details of a great hurricane which recently wrought much havoc in the south Pacific. The storm over New Caledonia, especially on the east coast was the worst for years. Two large sailing vessels and a steamer were lost. The steamer Hero was driven on the rocks at Kouraoua and foundered together with several barges loaded with nickel. The bark Emil Galline was swept to disaster on the coast at Tchlo and the new four masted ship Ville du Havre, partly loaded with nickel, was stranded at Noumea, where she soon broke up. The loss of life, it was said, was large. Tonga and Fiji also suffered. At Nukoolofo, among the small craft wrecked was the king's yacht. A good many coast vessels were wrecked at the Fijis and other damage was done. The island of Matoku was swept by a tidal wave and over 100 houses were blown down or swept away. Many lives are reported lost.

Floods at Chicago.

Chicago, March 25.—Heavy rains of the past few days have caused floods in the lowlands south and southeast of Chicago and the suburban towns of Grand Crossing, Drexel, Woodruff, Dauphin Park and Burnside are inundated. The water in some places is so deep that many families are imprisoned in their houses and sidewalks, fences and outbuildings have floated away. The conditions are worst at Burnside, where the streets are under a foot of water. A dyke at Eighty-seventh street and the Illinois Central tracks has given way under pressure, and fully two feet of water poured over the surrounding country, basements within an area of four miles being flooded and considerable damage is the result.

Snow and Sunshine.

Denver, March 25.—The storm which raged in Colorado and Wyoming passed away under bright sunshine. Railroad traffic is still very badly delayed, trains from the east being reported from six to eight hours late. Trains from the west are also off time. The Chicago commercial club, scheduled to arrive here at 6 p. m. will not reach the city until Tuesday morning, having been delayed several hours by the burning of a bridge on the Rio Grande near Deseret, Utah. It is reported two cars of oranges ran into the burning bridge and were destroyed, but that no one was hurt.

Hurricane In Georgia.

Chattanooga, Tenn., March 25.—The hurricane which swept Alabama is said to have struck the Chattanooga, Rome and Southern railroad near Lynnville, Ga., a small station south

of Rome and destroyed several miles of track. Neither that line, nor the Southern railway was able to get any information as to their trains, all wires being down. The Southern officials say all wires on the Alabama Great Southern division are down.

Snowbound Trains.

Omaha, March 25.—The four Union Pacific passenger trains that were snowbound in the vicinity of Ogallala, Neb., have been relieved and are making headway. Several snow plows cleared the tracks between North Platte and Julesburg. The storm has abated and danger of further blockade is believed to be past. President Burt and party, whose car was attached to one of the east bound trains caught in

the drift have resumed their tour. Five freight trains are still stalled near North Platte. Union Pacific people say this is by far the heaviest snow of the season.

Kansas Has a Record Breaker.

Hoxie, Kan., March 25.—Since Saturday night the worst blizzard since 1892 has been raging in this portion of Kansas. Snow has drifted badly in every direction. The Lincoln branch train is snowed in one mile east of here. The loss of live stock will likely prove heavy.

Cathedral Destroyed.

Grand Rapids, Mich., March 25.—St. Andrews Roman Catholic cathedral was destroyed Monday resounding from a stroke of lightning. Loss \$50,000, with \$20,000 insurance.

SATISFACTORY SETTLEMENT.

Operators in Pittsburgh District Grant Demands of Miners.

Pittsburg, March 25.—Patrick Dolan, district president of the United Mine Workers association, announces that after a conference lasting more than three weeks the operators concede the demands made by the miners in the new wage scale and a fair settlement for the Pittsburg district has been effected. A disagreement seemed inevitable Saturday and a call was issued for a convention to be held Thursday to consider the advisability of striking but all the convention will have to do now will be to ratify the scale. The Beaver and Irwin district scales will be considered this week.

Hitch in Indiana.

Terre Haute, Ind., March 25.—The Indiana bituminous operators assert that they will not sign the wage contract over which they have been in conference with the miners 10 days, unless the miners consent to the provision requiring them to buy powder of the employing operator at \$1.75 a keg. The miners who are delegates of the miners in the bituminous field say they can not yield the point, because they are under instructions not to do so.

The news scale year will begin April 1 and while a suspension of operations and discussion seem to be imminent, still both sides are determined to stand out to the last.

Hanna in Gotham.

New York, March 25.—Senator Hanna, who is in town, visited several places in the financial district. When asked whether his presence here had any connection with the coal strike rumors, he replied emphatically that it had none. "I am here on other matters," he said. "I have nothing to do with this affair and I know nothing about it save what I have heard and read the last few days. I have not been consulted in regard to this matter at all."

Three Days to Think It Over.

Pittsburg, March 25.—The meeting of the Monongahela Traction company employees, held to take action on the company's refusal to reinstate several discharged men, voted to extend the time for the company to answer until Wednesday. The demand that the men be reinstated was again made the issue and the sentiment among the men seems to be that a strike will be declared Wednesday should the com-

Furnacemen Give Notice.

Youngstown, O., March 25.—The furnace employees of the Mahoning and Shenango valley furnaces who have recently organized into unions, served notice on the operators that unless the increase of wages demanded is granted, they will go on strike April 1. About 2,500 men are employed at the furnaces.

Labor's Struggle at Marseilles.

Marseilles, March 25.—The strike situation has undergone little change. There have been no further disorders, more street cars are running, protected by police. The strikers are quietly trying to influence workers to join them and many factories are closed owing to want of engineers.

Strike In Colorado Settled.

Florence, Colo., March 25.—The strike of coal miners of the Fremont county district has been ended by an agreement satisfactory to both sides, and work will be resumed April 1. About 1,500 men are affected.

CARNEGIE DENOUNCED

Workingmen of New Castle Object to Donation For Library.

COUNCIL MAY REJECT THE OFFER.

Resolution Adopted by Labor Organization Declares That Such Donations Should Be Made to Widows and Orphans of Homestead.

New Castle, Pa., March 25.—Owing to the attitude of the labor unions the city council will, in all probability, reject the \$50,000 offer of Andrew Carnegie for a public library for this place. Following the action of the Trades Assembly the local division of the Amalgamated Association of Street Railway Employees adopted resolutions protesting against the acceptance of the gift. The committee to whom the matter had been referred at a previous meeting reported the following: "That such donations are inimical to that independence American manhood is assumed to possess (on general principles) and especially so in this case, when such flagrant injustice, even to murder, had been done to those whose toil is represented in every dollar of the money thus tendered. To erect such a library here and by its silent or its partisan outspoken influence induce our children to look upon it as a logical, necessary and unavoidable method of obtaining certain benefits, tends to destroy in their minds any future idea of national justice or human rights and make of them willing supplicants at the mercy of this system of corporate greed which deals out a part of the sum in charity it originally appropriated from the producers to whom it alone rightfully belongs, which sum if they had fully received would have enabled them to have owned a library instead of now being, as are all others who are similarly robbed, objects of charity. It would be something like a semblance of justice if these donations were made to the widows and orphans of Homestead. We deem that as worthy of remembrance as the Maine. The city will enrich enormously a few men and then be itself an object of charity. We therefore condemn this library move as an insult to him it is said it will benefit the working man; he does not want charity, but justice."

Self Inflicted Torture.

Toledo, March 25.—With a pair of scissors Mrs. G. Brunschneider, 50, during her husband's absence, cut off all toes of her left foot, both her ears close to the head and about an inch of her nose. She then cut out a portion of her right cheek, inflicted five gashes in the left cheek, and finally began on her arms. Beginning at the left forearm, she removed every vestige of skin, laying bare the muscles. She also lacerated the right arm in a horrible manner. It is believed she was temporarily demented. Her injuries may prove fatal.

Massacre in Macedonia.

Constantinople, March 25.—According to private advice from Macedonia, a band of Turks massacred three Bulgarian families, men, women and children in the village of Agiamahaleh, near Seres, a town 47 miles northwest of Salonica. The news created a profound sensation. It is reported that a village near Monastir, in Macedonia, with a mixed population of Mussulmans and Bulgarians, has been burned.

Czar in Danger.

St. Petersburg, March 25.—Students cast lots to choose one to assassinate the czar. The choice fell to the son of a general who informed his father. The general advised his son to flee and not to kill the czar of the conspiracy. A ministerial council presided over by the czar was held to consider the critical state of public affairs. Threatening letters have been received by several ministers.

Fear the Florence Foundered.

Philadelphia, March 25.—The steamer Florence, from Port of Spain, is more than a month overdue. It is feared she has been lost with all on board. The Florence, Captain Chandler, sailed from Port of Spain Jan. 24 with a cargo of asphalt. Since that date she has not been spoken. J. S. Winston & Co. of Portland, Me., own the vessel.

Mineral Springs Dynamited.

Berkley, Springs, W. Va., March 25.—The fine medicinal spring, set aside over a century ago for the use of the public by Lord Fairfax, was dynamited by unknown persons. The controversy over the leasing of the spring to outsiders caused ill feeling to which the work of the vandals is attributed.

Kiel, March 25.—The overdue German steamer Brutus, from Scotland for Kiel, was lost with all on board.

NIPPED IN THE BUD.

Monarchist Plot in Brazil Exposed And Leader Arrested.

Rio Janeiro, March 25.—Great excitement prevails here over the arrest of Admiral Jose Mello and others on account of the revelations of a monarchist plot through the suicide of Baron De Bergal. Extraordinary precautions are being taken by the government to prevent an outbreak.

Apprehension centers about the navy. The war vessels are being closely guarded as it is believed the officers are not quite trustworthy.

Details of the plot which Baron De Bergal revealed to the authorities have been disclosed. It was the purpose of those concerned, it is declared, to give the signal of an outbreak by the assassination of President Campos Salles. During the excitement that would naturally follow the monarchist adherents in the army and navy were to take possession of the city and hold the government officers. The affairs of state were to be intrusted to a triumvirate composed of Admiral Mello, Marshal Capurra and Counsellor Lafayette Piero.

Admiral Metio was removed from this city as it was feared his presence would cause a disturbance. He was conveyed to Cobras island, where he is held in custody of Admiral Proenca.

Domestic Tragedy.

Chicago, March 25.—Charles Lattimer went into his wife's millinery store at 506 West Sixty-third street, walked up behind Mrs. Lattimer, who was examining a hat preparatory to delivering it to a customer and without a word, shot her in the head, killing her instantly. Lattimer then placed the weapon to his own head and fired, inflicting a fatal wound. The tragedy is the outcome of a quarrel about a month ago since which Mr. and Mrs. Lattimer have been living apart. A letter in Lattimer's pocket addressed to A. J. Lattimer, a brother at Clinton, Ills., says he intended to take his life, and gave instructions to have his body cremated.

Ohio Incorporations.

Columbus, O., March 25.—Lucas County Savings Bank company, Toledo, \$100,000; Lebanon Leaf Tobacco company, Lebanon, \$30,000; Peoples Hard Rubber company, Akron, \$200,000; West Lake Park company, Cleveland, \$20,000; Ranney Lumber company, Beloit, \$10,000; Buckeye Novelty company, Marietta, \$10,000; Belvedere Building company, Toledo, \$100,000; Commercial and Savings Bank company, Beloit, \$50,000; Jackson County Home Telephone company, Jackson, \$50,000.

Carrie's Name Taken In Vain.

St. Louis, March 25.—Mrs. Carrie Nation, the Kansas saloon smasher, passed through here en route to Cincinnati. While waiting for her train she visited a liquor establishment and vainly expostulated with the proprietor for daring to name his establishment after her. Mrs. Nation will meet her manager in Cincinnati and will proceed to Lexington, Ky., where she will lecture.

Railway Mishaps.

Columbus, O., March 25.—A Baltimore and Ohio passenger train ran into a Little Miami freight at the crossing in this city. Fireman James Drake jumped and was fatally injured. Carl Machleb was killed and Joseph Barth seriously injured while under a car in the railway yards. They were car inspectors. A string of standing cars was struck by moving out of cars.

Board of Trade Victory.

Chicago, March 25.—The Chicago Board of Trade won a victory in the appellate court in a ruling announced by Judge Sears. The ruling reversed the injunctions secured by Frank Riordan, broker and member of the board of trade, restraining the board of directors from expelling him on a charge of having violated the rules of the organization.

Croker's Filly Failed.

London, March 25.—The racing season was opened at Lincoln in a snow-storm. Richard Croker entered his bay filly, Eileen Violet, with J. Reiff up, in the first race, the trial plate of 200 sovereigns, for 3-year-olds and upward over the straight mile, but failed to secure a place. J. Lewis' bay colt Summer Gale winning.

Will Tackle the Steel Trust.

Martin's Ferry, O., March 25.—Work has commenced on the foundations for a big sheet steel works for the Loughlin Iron and Nail company of this place. The mill will be one of the largest in the country, will be independent of the United States steel corporation and will employ 1,000 hands.

Diea Suddenly.

Kalamazoo, Mich., March 25.—Hon. Charles S. May, 71, Lieutenant governor of Michigan from 1863 to 1865, and an eminent member of the Michigan bar, died suddenly at his home, Islandview, Gull Lake. Heart failure.

WHAT WILL CHINA DO?

Must Give Up Manchuria to Russia Or Appeal to Other Powers.

WRANGLE ABOUT LEGATION GUARDS.

Situation Suggests That There Are Too Many Men of too Many Minds Trying to Solve the Complicated Chinese Puzzle.

Peking, March 25.—The foreign ministers seem utterly unable to agree as to the best method of policing the legation quarter. The proposition most favored by the majority and most complained of by the minority is one providing that men of the regular armies shall be detailed for service under one officer connected with the allies.

Special Commissioner Rockhill is one who objects to this plan as is also the British minister, Sir Ernest Satow, who says that though an international force is desirable it would be better that the police detail should be composed of soldiers who are not liable to be called away when they are most useful. It is also undesirable, he thinks, that the commandant should be an officer actively connected with any army while the intention to make such legation practically an armed camp is a great mistake that is likely to cause friction. He thinks it would be better to make a general international district.

The home ministers are seriously considering the advisability of asking the government to reconsider the decision in favor of big legation guards as being liable, not only to keep the court from returning to Peking, but also be a continual source of danger in dealing with the Chinese, as it would be impossible to keep the guards entirely within the legation quarter, which condition Prince Ching and Li Hung Chang insist upon, saying that otherwise it would be impossible to guarantee order, especially when the Chinese troops shall have returned to Peking. One drunken soldier outside the foreign settlement, they say, might cause another war.

The time which the Russians have given the Chinese to sign the Manchurian agreement expires Tuesday and should the agreement not be signed, Russia will break off negotiations. The agreement practically annexes Manchuria. Prince Ching and Li Hung Chang had a conference but did not decide to sign the convention or appeal to the powers.

The attitude of M. De Giers, the Russian minister at the meeting of the foreign representatives is embarrassing and causes considerable annoyance. He refuses to either agree with the other ministers or hold apart entirely. A committee will consider the question of China's ability as regards indemnity and the most practical methods for guaranteeing payment of indemnity to the powers.

It is not thought likely on account of Sir Robert Hart's increasing age and the gradual approach of feebleness that he will continue long in charge of the imperial customs on behalf of the powers.

The bodies of Captain Riley and seven enlisted men buried at the American legation were removed to the temple of agriculture with military honors, General Chaffee and his entire staff accompanying the remains. The body of the American marine buried at the Russian legation, will be removed Tuesday with the same honors. The bodies will leave on board the transport Egbert for the United States about the middle of April.

The signal corps has completed all arrangements and is awaiting transportation to Manila.

The agents and solicitors of the Detroit firm who are at work in this county at present have been receiving a lot of free advertising of late and as a result they will likely do about ten times the amount of business they might otherwise have done. "Silence is golden" sometimes, especially for the fellow who holds his tongue, but some people overlook this fact too often.

In to-day's issue of the BULLETIN will be found the announcement of Mr. J. J. Thompson for Justice of the Peace in the Fourth Magisterial district, composed of the precincts of Minerva, Fern Leaf and Murphysville. Mr. Thompson is now serving his first term as Magistrate, and in that capacity has made an enviable record, and is, personally, an honest, conscientious man, of strong convictions. As it is the custom of the Democrats to endorse its faithful officials with nomination for second terms, we beseech for Mr. Thompson the united support of his party in the coming primary.

NEARLY a million pair of American shoes are now sold yearly in the British market. This is done notwithstanding the tax on hide which our manufacturers have to contend with, and from which British makers are exempt. It is the superiority of our machinery which gives us access to foreign markets. Our shoes are more shapely and lower priced than are the shoes manufactured in Europe. These superiorities attract the eye and commend themselves to the thrifit of purchasers. With the footing already secured, we believe, with an exchange, that the export of our manufactures of leather could be greatly enlarged under proper modification of our tariff laws, which tax the raw material of this great industry.

GREED RUNNING RIOT.

The Philadelphia North American, though a leading Republican journal, is very pronounced in its criticism of the policy of the present administration at Washington. "Excessive greed and deficient brains are running riot" with the Hanna-McKinley crowd.

"It is high time," say the American, "for President McKinley to assert himself and exercise his great authority for the guidance of the Republican party out of the bog into which deficient brains and excessive greed have plunged it. He can do it if he will. Especially can he end at once a peril that threatens the party with disgrace and the country with dishonor. Bad as conscienceless waste of public money is, that is innocence itself in comparison with the movement whose aim is to have the Republican party repudiate the nation's sacred pledge to Cuba. The party needs leadership from the White House. It needs immediate and plain speaking from President McKinley, which shall crush at once and forever the rising hope of those who would saddle the Republican party with the crime of denying independence to the Cubans.

"A billion-and-a-half-dollar Congress the country might possibly be argued into forgiving, but, unless Americans have forgotten self-respect and good faith, there could be no forgiveness for the party responsible for national perfidy. That this perfidy should even be suggested by Republicans holding seats in Congress and on terms of cordiality with the White House is an insult to the President so intolerable that we marvel he has not resented it ere this. The party is being foully stained and the Republican President owes it to the Republicans of the United States, as well as to himself, to rebuke and rout the Beveridges, the Stewarts and the Reids.

"The same leadership that has dragged the party into the mire of indefensible extravagance seeks to make of it a pack animal for the trusts—for wealth whose only interest in government is to use it for the increase of private profit at the cost of the masses of the people. It was the sugar and tobacco trusts that applied the pressure which deprived the Porto Ricans of a country and pilloried the United States as the doer of cruel and sordid injustice. It was the shipping trust that read a \$9,000,000 a year subsidy for twenty years into this utterance of the Republican platform:

"For the restoration of a merchant marine, which was our early glory on the seas, we advocate such legislation as will enable American ships to carry our foreign commerce."

"It is the greed of the asphalt trust

that threatens to embroil us with a friendly power. It is the greed of the sugar trust again that has brought upon us retaliation from Russia and jeopardized a great and growing trade for the sake of shutting out insignificant imports of sugar."

JUSTICE, NOT CHARITY.

Workingmen of Newcastle Protest Against the Acceptance of Carnegie's Library Donation.

NEWCASTLE PENN., March 24.—Andrew Carnegie some weeks ago offered to give this city \$50,000 for a public library provided sufficient money was appropriated by Council to provide for its maintenance. There is a bitter fight not only against taxing the people for library maintenance, but against the acceptance of the \$50,000 even without any conditions. The Trades Assembly protested, and all the labor unions composing the assembly are taking similar action. At a meeting of Division 89, Amalgamated Association of Street Railway Employees of America, a committee composed of J. S. McKibben, Walter V. Tyler and Jos. L. Uhl, reported:

"That such donations are inimical to that independence that American manhood is assumed to possess (on general principles) and especially so in this case when such flagrant injustice, even to murder, has been done to those whose toil is represented in every dollar of the money thus sought.

"It was well said by a delegate that between the lines of books thus obtained one could see the blood and sweat of thousands of workers, and on the margins of every page the tragedy of Homestead. The spirit of hero worship that prompts the acceptance of such gifts and that looks upon structures thus erected as monuments to the memory of the donor, is only another form of manifesting the spirit of the subject for the monarch, a recognition of the divine right of kings' on the one hand and utter disregard of how the money was obtained on the other.

"To erect such a library here, and by its silent or its partisans' outpoken influence to induce our children to look upon it as a logical necessary and unavoidable method of obtaining certain benefits, tends to destroy in their minds any idea of national justice or human rights, and make of them willing supplicants at the mercy of this system of corporate greed which deals out a part of the sun in charity it originally appropriated from its producers, to whom it alone rightfully belongs, which sum, if they had fully received, would have enabled them to have severely owned a library instead of now being, as all others who are similarly robbed, the objects of charity.

"It would be something like a semblance of justice if these donations were made to the widows and orphans of Homestead. We deem them as worthy of remembrance as the Maine. A city will enrich enormously a few men and then be itself an object of charity. We therefore condemn this library move as an insult to those it is said will benefit most, the workingmen; they do not want charity, but justice."

CURED BY PRAYER.

Wife of Rev. Hall Pollitt, of Mt. Olivet, Says She Has Been Divinely Healed.

MT. OLIVET, KY., March 23.—Mrs. Pollitt, wife of the Rev. Hall Pollitt, pastor of the Methodist Church, South, at this place, claims to have been divinely healed. She had been sick for some time and her disease baffled the skill of her physicians. Some of them decided she had a tumor, and the only hope was an operation.

The Rev. Pollitt, believing that nothing is impossible with God, and his wife being of like faith, that whatsoever ye ask in His name, believing that ye shall receive, decided to pray for her recovery. He wrote to some of the most consecrated members of the churches he serves at Piqua and Mt. Tabor, for them to join him and his wife in prayer at certain hours for her recovery. From that same hour she says she began to improve, and in a few days she was completely restored to health, and she attributes her recovery as an answer to prayer.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1 bottles of Dr. Kling's New Discovery wholly cured me and I gained fifty-eight pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c. and \$1. Trial bottles free at J. Jas. Wood & Son's drug store.

For Sale—A pair of three-year-old work mules and peddler's wagon.

INGRAIN

CARPETS

It isn't often you find such Ingrain Carpets as we are showing. We had to hunt for them. The quality is the very best, the patterns new and stylish. They will especially appeal to people of exclusive taste. Anyone who is considering an inexpensive carpet should investigate this line. Prices will not count for much unless you can compare them with the carpets. Come here and judge price and carpet side by side.

YOUR WIFE

Should have the bath and cook rooms covered with Cork Linoleum or Oil Cloth. It lightens labor—rooms can be cleaned in half the time. Widths—1 yard, 1½ yards, 2½ yards, 3 yards. Large and small tile patterns, either light or dark. Also carpet floral designs.

THIS IS A SCHOOL for learning about Mattings and taking a degree in economy too. Handsome China Mattings of close weave that will fit the floor like a carpet—flexible enough to stretch perfectly smooth. Cool and fresh looking.

A long price list—12½c., 15c., 19c., 25c., 35c., 45c., 50c.

The April term of the Mason Fiscal Court will convene next Tuesday. Parties having claims against the county should file them with the County Clerk before court convenes.

A meeting of the Mason County bar will be held at 2 o'clock this afternoon in the Council Chamber to hear the report of the committee appointed to draft resolutions on the death of the late John G. Hickman.

A section of country about half a mile wide southeast and east of Maysville was visited by a heavy rain Monday afternoon, amounting almost to a cloudburst in places. The Fleming pike was badly washed for some distance. Westbound trains on the C. and O. were delayed an hour or two, the track being covered with mud.

Mrs. Adamson, wife of Mr. J. W. Adamson, of Shannon, died Monday afternoon at 4 o'clock, of consumption. Burial Wednesday morning at 11 o'clock at Shannon Cemetery. Funeral by Rev. P. J. Ross. Mrs. Adamson was a Miss Watson, daughter of Samuel Watson, and was born and reared in the house in which she died.

Warrants were sworn out before Judge Wadsworth Monday against Geo. Davenport, Geo. Kelso, B. F. Schenckberg, A. Muhler and Wallace Shelby, representatives of a Detroit house, charging them with peddling goods in Maysville without a city license. They will be given a hearing this afternoon at 2 o'clock. Mr. Davenport, who is manager, will appear for the party. Mr. Shelby went to Paris this morning to answer a similar charge against him in Bourbon County.

PROP'S OF BEE HIVE.

HON. THORNTON F. MARSHALL.

A Prominent Citizen of Augusta Passed Away Monday Afternoon.

A telegram to Major and Mrs. Thomas J. Chenoweth Monday afternoon brought the sad news of the death of Hon. Thornton F. Marshall, of Augusta.

Mr. Marshall was stricken some ten days or two weeks ago, as previously stated in the BULLETIN. His death occurred Monday afternoon at 4:30 o'clock.

Mr. Marshall was one of Augusta's most prominent citizens, and was a gentleman of the old school. He is survived by one daughter, Mrs. Lou Marshall, of Augusta, and leaves many relatives in Mason County.

The funeral will take place to-morrow morning at 10 o'clock.

Mr. Marshall was eighty-two years old. In the stormy days of 1861, when the State was hesitating whether to secede or not, it was his vote as State Senator that caused the State to remain neutral in that great struggle.

He was ever a chief promoter in the welfare of Augusta, and in his will he leaves the city some \$35,000 or \$40,000 to build waterworks and electric light plants.

Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a great tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. Jas. Wood & Son, druggists.

Mrs. Nation will deliver a half dozen lectures at Cincinnati this week.

Rev. Hugh F. Searcy, of Lewisburg, preached at Cynthiana last Sunday.

There were two additions Sunday night to the Central Presbyterian Church.

Opening days—Thursday and Friday—at Mrs. Cady's, corner Third and Sutton.

Cynthiana business men have organized a commercial club, to boom that city.

Mrs. O. B. Stitt will display a handsome line of Easter millinery Thursday and Friday, March 28 and 29.

Miss Nellie Hanley of Market street, who has been a sufferer from the grip for a week or two, is convalescent.

Spring and summer millinery opening at Mrs. M. Archdeacon's, March 28, 29 and 30. Corner Third and Market streets.

Mrs. L. V. Davis will have her annual millinery opening Thursday, Friday and Saturday of this week, March 28th, 29th, 30th.

Miss Lutie Outten and Owens Wormald received honorable mention in Sunday's prize proverb contest in The Commercial Tribune.

It is announced from Washington City that the civil service commission will be re-organized at once. W. A. Rodenberg, of East St. Louis, will be made President, superseding John R. Proctor, of Kentucky, appointed by Cleveland.

Mr. T. J. Prather has sold his farm near Mayslick to Mrs. John T. Wilson, and will move to Bourbon County. Mr. and Mrs. Prather are among the county's best citizens, and their friends learn with regret of their contemplated departure.

Millinery Opening

At Miss Brunette B. Redden's, Mch., 28 h and 29th—43½ East Second street, near Limestone.

The venerable Mrs. Stallcup, mother of Mayor Stallcup, was taken seriously ill Monday morning, but was improving this morning.

Jean Montgomery, colored, is under arrest at Danville, charged with murdering his little daughter to obtain \$80 insurance on her life.

Cincinnati Times-Star: "Rev. James W. Pogue, the new pastor of the Fifth Presbyterian Church, made a great impression Sunday. He has an easy delivery and shows deep earnestness and oratorical fire."

Rings, from the plain polished bands to the most ornate creations of the designer, set with sparkling diamonds or other glittering gems, anything to suit your taste. We would be pleased to show our beautiful assortment.

BALLINGER, jeweler and optician.

Collector Roberts has made the following assignments at this point for April: Horace G. Holliday, Lewis M. Gaffin and John Vimont, storekeepers at H. E. Pogue & Co.'s, and Oscar Grigsby, gauger at same place; Frank D. Clark, storekeeper-gaager at Poyntz Bros.' and Chalmers T. West, storekeeper-gaager at J. H. Rogers & Co.'s.

Mr. Chas. E. Handford's presentation of "Private John Allen" at opera house was greeted last night with an enthusiastic audience. The drama is a most interesting one, Mr. Hanford prostrating, admirably, the true gentleman. He was sustained by a good company. They carry their own scenery, and are worthy of the patronage of theatre goers anywhere.

The State Board of Equalization has decided to fix assessments of all the property in the State subject to equalization this year on a basis of 80 per cent. valuation. The counties assessed below this figure will be raised to that figure. More important than this, however, is the statement of the board that next year's assessment will be based on 90 per cent., notice of which will be given at the close of the board's session this year.

The lack of a fire department and of even a bucket of water and of a few feet at the end of a ladder are responsible for the destruction of the town of Cloverport. Such was the statement made by Mr. John D. Babbage, of that place, the other day. "The fire broke out," said he, "in the Oelze home. As soon as the cry of fire spread through the town a number of us gathered about the house. The flames were already beyond control and after doing what could be done to save the adjoining cottage we thought the trouble about over. Suddenly a little tongue of fire showed on the roof of a large warehouse next to the cottage. All of us knew what that meant, and there was a rush for water and a ladder. But no ladder which could reach the roof could be found, and as the town had no fire hose it was impossible to put on that little flame the water which would have saved the town. The warehouse went, and with it the heart of the town."

Mrs. Nannie Pollitt is confined to her home on East Third by an attack of the grip.

The Council at Lexington has fixed the tax levy of that city for the coming year at \$1.20 on the \$100.

Jesse Woods, of Quincy, was so badly wounded by the accidental discharge of a shotgun that he will die.

Mr. A. P. Gooding, Jr., of Cynthiana, will move to Lexington in April, where he goes to engage in business.

Lewis T. Robinson, of Plumville, has been granted an increase of pension, and hereafter will receive \$10 a month.

Mr. Ben T. Cox is en route to the Philippines on the U. S. transport Pennsylvania. He has been promoted and is a Sergeant in Company L, Tenth U. S. Infantry.

E. B. Sweeney, a nephew of Elder John Sweeney, has filed suits for libel at Danville against the Louisville Courier-Journal and Times, asking \$10,000 damages from each paper.

The monthly meeting of the Mason County Medical Society will be held at office of Dr. W. S. Yazell Wednesday at 2 p. m. Dr. Yazell will be essayist and Dr. Irvine alternate. Matters of interest will be presented and a full attendance is desired.

Mrs. Elizabeth A. Cassidy, aged seventy-six years, died at the residence of her daughter, Mrs. J. T. Cassidy, of Lexington, Sunday morning, after a long illness. The body was brought to Flemingsburg Monday and the funeral and interment was from the home of her son, G. A. Cassidy, this morning. She leaves four children, among them G. A., Emmett and Roger Cassidy, of Fleming County.

After a trial lasting three days, George W. Wait, President, and R. G. Hall, Cashier, of the defunct Somerset National Bank, and Cy Wait and L. E. Hunt, who were indicted at the last October term of the Pulaski Circuit Court, charged with conspiracy to defraud said bank, were found guilty and assessed a fine of \$1,000 each or imprisonment at hard labor in the county jail. The conspiracy was based on more than \$40,000 overdrafts checked out into the hands of a receiver, on August 17, 1900.

A Horrible Outbreak
"Of large sores on my little daughter's head developed into a case of scalp head" writes C. D. Isbill of Morgantown, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25c. at J. Jas. Wood & Son's.

LIQUID AIR.

The Motive Power of the Future For Vehicles—Other Uses For This New Discovery.

[Exchange.]

Automobiles propelled by liquid air are already flying through the streets of London and other capitals, and liquid air will solve the problem of aerial and submarine navigation, for not only can a greater amount of power be carried in a small space and at less weight than of any other power known, but the exhaust from the engines will furnish a pure, dry, highly oxygenated fresh air for breathing.

Before the century is half gone ice for household use will be a curiosity. Liquid air will be delivered from house to house in cans, just as the milkman delivers his wares every morning for the daily consumption. In chemical science the possibilities are illimitable; chemicals will approach absolute purification by the crystallization process of separation, recombination of the component parts and the elimination of the impure ingredients.

HOLDS ITS GROUND.

This Is the Testimony From Everywhere as Well as Maysville.

Can this be so? Is it true? Are the facts as stated? These questions which every man and woman in Maysville suffering the tortures of backache ask as they read the published accounts in newspapers about medicines which claim to cure it. Whatever the conclusion arrived at they can't flinch from or disprove the following, for it took place in Maysville and the experience is that of a citizen.

Mr. J. B. Roper, proprietor of the inn and restaurant, 125 Market street, says: "Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, do all that is claimed for them and do it promptly and thoroughly. From personal knowledge I cheerfully testify to their value and effectiveness."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

PLUMVILLE, March 22.—Miss Annie Lee Helm, the fourteen-year-old daughter of Mr. and Mrs. Miles Helm, of Logan's Gap, is seriously ill.

Robert Outen went to Indiana last week to visit relatives and also to get work.

Thomas Davis left last Monday for Illinois to work on a farm the coming summer.

Willie Davis is making his home with his uncle, Thomas Hall, of Covington.

Miss Rena Mac Coryell spent the past few days with her aunt, Mrs. Elia Wilson, at Pleasant Ridge.

Quite a number from here are attending the protracted meeting at Tolleshore.

PRESIDENTIAL PLUMS.

Rodenburg Gets Brewer's Place—Ohio Man Remembered.

Washington, March 25.—The president has appointed ex-Congressman W. A. Rodenburg of Illinois, a member of the civil service commission to succeed Mark S. Brewer, deceased; and F. I. Allen, of Auburn, N. Y., commissioner of patents to succeed Commissioner Duell, resigned. The selection of Mr. Rodenburg relieves one of the factors which has delayed the appointment of the St. Louis exposition commissioners. Mr. Rodenburg's friends pressed him persistently for one of these places. It is generally believed Mr. Rodenburg's candidacy clashed directly with that of Prof. Northup of Minnesota. Other appointments were announced as follows: George E. Baldwin, of Ohio, to be consul at Nuremberg, Bavaria; Henry B. Miller, of Oregon, to be consul at Nieuchwang, China; Marlon Erwin, to be attorney for the United States, southern district of Georgia; Henry L. Hertz, to be collector of internal revenue for the first district of Illinois. Also a number of minor military appointments.

The Korean Muddle.

Washington, March 25.—The state department has received from Mr. Allen, our minister at Seoul, Korea, dispatches confirming the cable report of the removal of McCleavy Brown, the director general of Korean customs. As this action of the emperor, undertaken at the behest of Russia, goes far to wipe out the integrity of Korea, according to the estimate of the officials here, it will not be allowed to pass without a remonstrance on our part, for officials are convinced that Russian domination of Korea would mean the extinguishment of American interests in that quarter, and these in recent years have become important.

Mackenzie Must Languish.

Washington, March 25.—The United States supreme court denied the application of Alexander Mackenzie for leave to file a petition for a writ of habeas corpus releasing him for imprisonment in California under the proceedings of the court of appeals for contempt in connection with his conduct as receiver of mines in Alaska.
